## Mounted Bearings

### *Spherical Series*

#### Double-Lip Seals

Extra protection against contamination, but still allow high speed operation.

#### Metal ID Tag

Makes reordering easy.

#### Self-Aligning

Internally self-aligns to accommodate changes in shaft and machinery alignment for maximum bearing life.

#### Locking Collar

Use of mild steel collar ensures precision threads, maximizing setscrew grip.

#### Sturdy Housing

A one-piece cast iron housing has strength to handle tough applications.

#### Additional Features

- Bearing cavity is 33% factory-filled with Shell Alvania #2 grease.
- Has 1/8" NPT grease fitting.
- Accepts automatic grease dispensers
- Interchanges with:
  - Dodge<sup>®</sup> S2000
  - Browning<sup>®</sup> SPB1000
  - Linkbelt<sup>®</sup> PB22400
  - Rex<sup>®</sup> ZA2200
  - SKF<sup>®</sup> SYR
- Available in Non-expansion (fixed) and Expansion (floating).
